

Important Notice regarding UG Admission

It has been decided that all those who are already admitted in any college/course are also eligible to reapply on the university portal without cancellation for courses which they had selected in their registration form.

The candidates are not required to take a print out and submit to the college. The students are advised to ensure that their name figures in the merit list of candidates to be admitted in another college/course before cancellation of their admissions.

It is clarified here that university/college will not be responsible in case a student cancels his/her admission in any college/course and is unable to get admission in another college/ course due to any reason.
