

**Advertisement for the post of JRF
Department of Physics & Astrophysics
University of Delhi**

Applications are invited for one Junior Research Fellow (JRF) at the Department of Physics and Astrophysics, University of Delhi in a CEFIPRA sponsored project titled: 'Pre-evolutionary processes in autocatalytic RNA networks.' (CEFIPRA Research Project No-5904-3)

Essential Qualifications:

1. Masters in Physics with a minimum 55% marks or equivalent grade.
2. NET qualification

Desirable Qualifications:

Good understanding of Statistical Mechanics, knowledge of C/C++, exposure to complex systems and interest in biological physics.

The post is initially for a duration of one-year extendable up to 30th April 2021. Emoluments will be as per rules of University of Delhi and CEFIPRA.

Interested candidates may apply by email enclosing the following

1. CV, which includes marks obtained in M.Sc, B.Sc, class XIIth and class Xth.
2. Self attested and scanned copies of certificates, marksheets etc.
3. A 250-300 words write-up on what interests you in the field of complex systems and/or biological physics (hand written and scanned).

These may be sent to the email id csrg.du@gmail.com. The deadline for receiving applications is 4th April 2019. Shortlisted candidates will be called for interview.

For any clarifications, contact the Principal Investigator by email to csrg.du@gmail.com
