

Delhi University Botanical Society (DUBS)

The objectives of the society are to introduce to students various aspects of Botany that are not usually dealt with in the classroom and to give them a well-rounded education by organizing co- and extra curricular activities like field trips for plant collection, as well as lectures and training workshops by eminent scientists, seminars, debates, quizzes, paper presentation competitions.

The Botanica

The Delhi University Botanical Society (DUBS), publishes the annual scientific journal THE BOTANICA. Consistent with the objectives of DUBS to broaden students' perspectives and give them a well-rounded education, the journal covers a wide range of subjects in plant morphology, anatomy, embryology, and other areas of plant science. The journal is published annually and is a valuable resource for students and researchers alike.

Phytomorphology

Phytomorphology is an international journal published by the International Society of Plant Morphologists, and housed at the Department of Botany, University of Delhi. The journal, established in 1951, was dedicated to publication in the areas of plant morphology and embryology, two strengths of the Department through the 1950's to the 1970's. Subsequently, the journal was opened up to publication in other areas of plant sciences. The journal is now up to volume 68. The Editor-in-chief, Prof. R. Geeta (Department of Botany, University of Delhi), is supported by about 20 members of the editorial board.

International Society of Plant Morphologists (ISPM)*

The Society was founded in 1951 to promote "international cooperation in the study of, and diffusion of useful knowledge in, the fields of Plant Morphology, Anatomy and Embryology". Past presidents include illuminaries of the field, such as P. Maheshwari, I. W. Bailey, B.M. Johri, A.S. Foster, V. Puri, J. Heslop-harrison and H. Y. Mohan Ram. The coverage of disciplines has now been expanded to plant sciences in general and interdisciplinary studies in particular. The office of the Society is located in the premises of the Department of Botany.

*Registered under the Societies Registration Act XXI of 1860 (Registration No. S/6/8 of 1953-1954, dated 28 April 1953)
