

## University Faculty Details Page on DU Web-site

Title	Dr.	First Name	Kaustuv	Last Name	Datta	Photograph
Designation		Assistant Professor				
Department		Department of Genetics				
Address		B02, Bachawat Block Basement Department of Genetics, UDSC, Delhi 110021				
Phone No Office Residence Mobile		91-11-24119810				
		9818658174				
Fax						
Email Web-Page		<a href="mailto:kdatta@south.du.ac.in">kdatta@south.du.ac.in</a>				
Educational						
Subject	Institution	Year	Details			
Ph.D.	University Of Michigan, Ann Arbor	2005				
M.Sc.	Indian Institute of Technology, Mumbai	1997				
B.Sc.	University of Delhi	1995				
Career Profile						
Organization / Institution	Designation	Duration	Role			
Department of Genetics University of Delhi, South Campus	Assistant Professor	2010-present				
laboratory of Dr. Larry Gerace The Scripps Research Institute	Postdoctoral fellow	2006-2010				
laboratory of Dr. Janine Maddock University of Michigan, Ann Arbor	Postdoctoral fellow	2005				
laboratory of Dr. Janine Maddock University of Michigan, Ann Arbor.	Graduate student	1998-2005				
laboratory of Dr. P.J. Bhat Indian Institute of Technology, Mumbai, India	Masters student	1996-1997				
Research Interests / Specialization						
Role of accessory proteins in mitochondrial ribosome biogenesis and function in yeast <i>Saccharomyces cerevisiae</i>						
Teaching Experience (Subject / Courses Taught)						
Concepts in Cell and Molecular Biology 2010,2011 Fungal Genetics, 2011,2012 Gene Expression and Regulation, 2011,2012 Cell Biology and Biochemistry 2012-2017 Microbial Genetics 2014-2017 Yeast Molecular Genetics 2014-2016						

Honors & Awards
Publications (LAST FIVE YEARS)
<p>Huber M.D, Vesely P.W., <b>Datta K</b> and Gerace L. (2013) Erlins restrict SREBP activation in the ER and regulate cellular cholesterol homeostasis. <i>J. Cell Biol.</i> 203(3): 427–436</p> <p><b>Datta K</b>, Guan T, Gerace L. NET37, a nuclear envelope transmembrane protein with glycosidase homology, is involved in myoblast differentiation <i>J Biol Chem.</i> 2009 Oct 23;284(43):29666-76</p> <p>Liu G, Guan T, <b>Datta K</b>, Coppinger J, Yates J3<sup>rd</sup>, Gerace L. Conference Presentations

Public Service/University Service /Consulting Activity

**Warden, Aravalli men's P.G Hostel. 2012-2015**  
**DBT RA Selection committee member 2014-**

Professional Societies Memberships

Project (Major/Grants/Collaborations)

- Functional characterization of a novel GTPase *YOR205c (GEP3)*, a mitochondrial ribosome associated factor in *Sacchomyces cerevisiae* **DBT-RGYI: 2011-2014**
- To characterize the potential role of a putative mitochondrial GTPase YDR336w, in regulating mitochondrial ribosome function in *Sacchomyces cerevisia* **CSIR: 2012-2015**
- Regulation of mitochondrial ribosome assembly by a novel Obg GTPase family member, *MTG2*, in *Saccharomyces cerevisiae* **DBT: 2012-2015**
- Regulation of mitochondrial function by a novel yeast clade specific DExH/D box helicase, *YDR332w (IRC3)*, in *Saccharomyces cerevisiae* **SERB: 2016-2019**
- Elucidating the control exerted on mitochondrial activity by *YDR336w(MRX8)*, a nuclear-encoded GTPase in *Saccharomyces cerevisiae* **BRNS: 2017-2020**
- To decipher the link between function of yeast clade specific mitochondrial RNA helicases and virulence of opportunistic pathogen *Candida albicans* **CSIR: 2017-2020**
