Frontiers of Computational Research
A Two Days National Seminar
March 30-31, 2015

Organised By
Department of Computer Science
Indraprastha College for Women
Delhi
Theme & Objective

In an Indian perspective, the advances in technology and Computational Research must be inherent in its quest for long term nation development. However, in reality we have been dependent on foreign research and development especially in the areas of technology and computation. Instead of being a mere adopter, India needs to develop state-of-the-art research centers for most of the technological and Computational fields of investigation and research, and create a motivation among its young brains to pursue research and development in these areas as early as possible.

In this regard, as a small step towards this realization, we at the Department of Computer Science, Indraprastha College for Women (University of Delhi), Delhi aim to conduct a national seminar addressing the Frontiers of Computational Research. The target audience being addressed is the young undergraduate Computer Science students. We wish to unite educators, researchers and professionals to inspire dialogue, share resources and address challenges in the field of Computer Science. This event meets the needs of undergraduate Computer Science students, professionals who are solving real problems and makes possible connections to current research and emerging trends in computational research.

This is going to provide opportunities for lifelong learning, career development and professional networking. Recent and quality published work on the above said areas of computational research will be presented by researchers and academicians.
Chief Guest
Dr. S.K. Muttoo
Head, Department of Computer Science, University of Delhi, Delhi.

KeyNote Speaker
Dr. S.C. Gupta
Former Deputy Director General & Scientist-G, National Informatics Centre, New Delhi.

Eminent Speakers
Prof. Karmeshu
School of Computer and Systems Sciences, Jawaharlal Nehru University, Delhi.

Dr. Alok Singh
Associate Professor, School of Computer and Information Sciences, Central University of Hyderabad, Hyderabad, India.

Dr. D.K. Lobiyal
Associate Professor, School of Computer and Systems Sciences, Jawaharlal Nehru University, Delhi.

Dr. Amit Mishra
ICT Specialist, ST-Microelectronics.

Prof. Zaheeruddin
Department of Electrical Engineering, Faculty of Engineering & Technology, Jamia Millia Islamia.

Dr. Vasudha Bhatnagar
Associate Professor, Department of Computer Science, University of Delhi, Delhi.

Submission Guidelines
Authors are required to submit abstract of their recently published papers electronically via e-mail to cybermeetsocietyipcollege@gmail.com, in PDF format. Abstracts must be written in English not exceeding 300 words neatly typed in A4 size. The abstracts of papers shall be distributed among the participants during the Seminar.

Oral Presentation
Researchers and academicians will be required to make 15-20 minutes presentation on their research. The presentation should be in MS PowerPoint Format. All the equipment would be provided by the organizers.

Registration
All the paper presenters are requested to fill-up the registration form and send it to the Convener/Organizing Secretary, of the Seminar Organizing Committee latest by 15-Feb-2015. All other participants of the seminar are to get themselves registered before or on 30th March 2015 at 8.40 a.m. by the paying registration fee.

Registration Fee Details

<table>
<thead>
<tr>
<th></th>
<th>Regular</th>
<th>Student</th>
<th>Rs. 200</th>
<th>Professional</th>
<th>Rs. 750</th>
</tr>
</thead>
</table>

The payment should be made by DD drawn in favor of “Principal, Indraprastha College for Women”, payable at Delhi.

IMPORTANT DATES
Submission of Abstract
15-January-2015

Date of Notification
01-February-2015

ORGANISING COMMITTEE
Ms. Diksha Jain
Ms. Mohini Batra
Ms. Shikha Verma
How to Reach

The College is strategically located in Civil Lines, 3 kilometers from the North Campus of Delhi University, 2 kilometers from the Inter-State Bus Terminus at Kashmere Gate and Tis Hazari Court. It is 4 kilometers from the Old Delhi Railway Station. The Civil Lines metro station is situated next to the College (See the map overleaf). The bus-stops close to the College gate allow for enhanced connectivity. Sant Parmanand Hospital, a multi-speciality hospital, is located across the road from the College.

Accommodation

All the outstation researchers presenting talks would be provided accommodation at IP College for Women and sleeper class train fare will be reimbursed to them.
