

USIEF Fellowships for Indian Citizens: 2016-2017

USIEF offers a wide range of exchange opportunities to Indian citizens in three main categories:

- Student Awards to pursue a master's degree or attend a U.S. university as a visiting student researcher,
- Scholars and Teacher Awards for academics, teachers and professionals to teach or conduct research in the U.S., and
- Professional Development Programs for leadership and skill development.

In addition to providing opportunities for personal, academic and professional growth, Fulbright-Nehru and other exchanges promote mutual understanding between the people of the U.S. and India.

Fulbright-Nehru and other fellowships have, over the years, helped bring the people of India and the United States closer through educational exchanges. USIEF has administered over 18,500 grants for Indians and U.S. citizens. USIEF alumni have demonstrated strong leadership in all walks of life, including agriculture, arts, business, education, environment, humanities and social sciences, media, public health, and science and technology.
