

ADMISSION BRANCH

Additional Notice – Submission of Documents

It has come to the notice of the Admission Branch that there is a fake message being circulated in which the 1st year students are informed that they need to visit college and submit their documents for the offline verification process by 31st Jan 2021.

It is reiterated that applicants will be required to visit the college physically only when the University announces so. Till that time all **pending** documents must be submitted online (on the college email ID; if not submitted earlier) as mentioned in the notification dated 11th Jan 2021.

Dated: 12th January 2021
