#### PART II

THE CANDIDATE WILL BE REQUIRED TO PAY AN AMOUNT OF RS. 400/- (NON-REFUNDABLE) ONLINE PAYMENT FOR THE PRACTICAL BASED ENTRANCE TEST.

### METHOD OF ALLOCATION THROUGH CSAS

On declaration of the allocation list/s, the candidate must check the lists carefully and log on to his/her CSAS-2023 dashboard for acceptance of the allocated seat, if offered.

It is the responsibility of the candidate to login to the dashboard and check if a seat is allocated in a given round of seat allocation, and if allocated s(he) must complete all admission formalities.

### PROSPECTUS 2023-2024 🕰

Once a seat has been allocated in a particular round, the candidate **must Accept the Allocated Seat** before the last date/time specified for the given allocation round. The provision for acceptance of a particular Allocated Seat will be valid <u>only</u> for the round in which the seat was allocated to the candidate.

In case a candidate is offered multiple seats in a particular round, s(he) must "Accept" ONE Allocated seat ONLY.

Inactivity/no-action will be taken as non-acceptance to the Allocated Seat. It will be treated as a decline to the provisionally Allocated Seat and the candidate will no longer be able to participate in subsequent rounds of CSAS-2023.

### **ONLINE APPROVAL BY THE COLLEGE**

Once the candidate "Accept" the provisionally Allocated Seat, the concerned College will check the eligibility and documents uploaded by the candidate. The College will verify the following within the stipulated timeline:

- 1. Minimum Eligibility of the Candidate.
- 2. Program-Specific Eligibility of the Candidate.
- 3. Subject Mapping: UoD will consider only those CUET subjects in which s(he) has passed Class XII.
- 4. Validity and authenticity of Documents/Certificates submitted by the Candidate.

During the online approval process, if a college seeks more clarity/information from the candidate, it may raise a query to the Candidate (refer to Section 6.3).

After verification, the College will either 'Approve' or 'Reject' the provisionally Allocated Seat of the candidate. No application will be left unattended by the Colleges.

#### In case of Approval:

Once the College accords the approval, the candidate will have to pay the 'Admission Fee' (refer to Section 6.4).

### **RESPOND TO QUERIES (IF ANY) DURING COLLEGE APPROVALS**

During the online approval process, if a College raises a query(ies) then the candidate must respond online (through the candidate's dashboard) within the stipulated time. Failure to respond to the query(ies) will lead to rejection of the Allocated Seat and the candidate will be out of CSAS-2023.

### ADMISSION TO THE PROVISIONALLY ALLOCATED SEAT

After the College approves, the candidate **will have to pay the Admission Fee** for the approved seat. The admission process will be treated as complete only after successful payment of the admission fee.

If a candidate fails to pay the admission fee within the stipulated time, it will be considered as a cancellation of the provisionally Allocated Seat. The Allocated Seat shall be forfeited and the candidate will not be considered for any subsequent CSAS-2023 allocation rounds. The candidate will forfeit all the rights of the allocated seat and will not be considered for any subsequent CSAS-2023 allocation rounds.

### SUBSEQUENT ROUNDS OF ALLOCATION

Based on the availability of the seats that arise due to rejections, cancellations, and withdrawals, the University and College of Art may announce multiple allocation rounds. The UoD and College of Art will display the vacant seats on its admission website (admission.uod.ac.in) before every allocation round.

Based on the Merit score of CUET (UG)-2023, seven (07) times the candidates in each specialization, in each category will be called for the PRACTICAL-BASED TEST at the College of Art. #### PAINTING SPECIALIZATION

#### **OBJECTIVE**

The objective of the Specialization Course in Painting is to provide training in the practice skills for original and creative visual expression. It is planned with the conviction that the technical competence provides the most satisfactory foundation for creativity as it easily allows the inclusion of productive thoughts and dreams which stimulate one's vision to new realities of expression. Within this the Course one would seek to cultivate in the candidates their personal aesthetic growth and professional responsibility at large. Concepts of individuality in visual creations are enriched through the subjects of Drawing, Painting and Composition. These are meticulous and planned exposure to various aspects of visual studies of Still Life, Live Portrait and Outdoors. Candidates are also offered Elective subject of Printmaking, Mural, Weaving and Digital Painting as their Subsidiary options. Due to the changing contemporary art Scenario and to keep abreast with the times, digital painting is introduced as optional subject to impact latest knowledge of working with software and create mixed media and creative art works. Adobe Photoshop is a graphic editing program and is a professional image editing Software package that can be used by experts and novice alike. In the 5th semester they choose only one from these for further specialization. Theory core course, which are regularly studied over all the semesters in this subject are Aesthetics, History of Art and Methods and Material. The VALUE ADDITION COURS Enables learners to follow ethical practices for fine/visual arts on understanding national and global issues.

#### PRINT MAKING SPECIALIZATION

#### **OBJECTIVE**

The Specialization in Print-making, from the traditional to the new digital technology, and, of all the mediums and means of creative expressions is most democratic and potentially capable of reaching a far-greater number of people because of its basic nature, being multiples. The medium also transforms to a means of having direct relation to society's needs and render improvement in the various types of graphics including those of advertising and the printing industry. Further, Printmaking is a certain means of communication and dissemination of ideas.

The Course is devised with a conviction that technical competence provided the most satisfactory foundation for creative expression. However, fully realizing that the mastery of technique is a means and not an end, it is endeavored to enhance each candidate's potential as a creative artist through the use of printmaking. Keeping open the option of the influence of contemporary movements, the candidate is also exposed to the opportunity of benefiting from new materials, techniques and cultivation discipline in work. The Course is meant to equip the candidate with such abilities as to inspire and recreate the living quality of our art traditions in the contemporary manifestations and an attitude of professional responsibility. It differs from other fields of specializations to the extent that a major portion of the creative work is intended to be realized through manipulation and exploration of the latest materials and processes in arriving at a synthesis between content and form rather than a direct application.

#### 2. COMPOSITION-III (DSC-14) 04 Weeks/120 Hours/100 Marks/04 Credits

Experience gained in previous semesters to be furthered appropriately with emphasis to: Element of composition, objective and subjective/abstract/ kinetic/ mobile and stabiles in fiberglass/Stone/Wood Submission-2 works

#### 3. METAL CASTING-I (DSC-15)

02 Weeks /60 Hours /50 Marks/02 credits

Metal casting in Sand casting process, Simple form of composition with artistic design Submission-one work

#### **DISCIPLINE SPECIFIC ELECTIVE COURSE (DSE 5 ):**

#### **SUBSIDIARY**

02 Weeks /60 Hours/50 Marks/02 credits

(A)Ceramics: Studio practice of making simple forms with Slab work, Coil work, wheel work & tile making in different textures and designs, ceramic clay body making. Submission: One work in each method.

(**B**)Assemblage: Studio practice of putting different shapes and objects of various materials together technically and aesthetically and introduction of art welding Submission: Two works.

(C) Mural:Studio practice of making wall panels: Mosaic (ceramic tiles), relief work (material: Terracotta and Cement).

**(D)Computer Graphics:** Candidates will learn digital 3D Modelling software's: Mudbox/Z Brush/Blender/3Ds Max etc

#### **ABILITY ENHANCEMENT COURSE (AEC 5):**

## VISUAL COMMUNICATION SPECIALIZATION

### **OBJECTIVE**

The Visual Communication Course curriculum develops a visual and verbal vocabulary by examining relationships between form and content, word and image as an ideal formula for marketable, upwardly-mobile, and entry-level designers. The objective of the four year BFA Specialization Course is to provide the training essential for the conveyance of ideas and concepts basically associated with two dimensional images.

Exposure uses drawing, illustration, composition, photography, video, traditional 2D/3D animation, film editing and interface design for interactive CD-ROMs using the basic tools for the exploration of design. It is with this exposure; avenues for specialized animation, toy/game design, and digital design are opened.

The Course would seek to cultivate in the candidate an individual personality and profession at responsibility and confidence to face challenges that would arise from the fact that the noticeable changes in today's visual communication that has changed its nature and looks from paper to high speed internet as compared to the past. Exercises in creative writing, copy-writing and screenplay writing are also emphasized.

Visual Communication candidates will gain an understanding of the process of visual communication through Course work and Class projects covering a variety of print and design projects. Inter-disciplinary studies in arts and humanity are combined with intense studies in arts and humanity are combined with intense studies in arts and humanity are combined with intense studies in visual forms, design history in Theory, concept and image generation through studio work and digital methods. Emphasis will be upon the candidate's expression, both on the practical and technical level from his/ her exposure to the objectives.

## 2ND YEAR THIRD SEMESTER

#### **DISCIPLINE SPECIFIC COURSE (DSC 7-9):**

#### 1. ANIMATION-I (DSC-7) 04 Weeks/120 Hours/100 Marks/04 Credits

Animation basics: Introduction to all concepts that underline the technique of animation as they apply specifically to Visual Effects; Dynamic motion of real world objects and its application to animation through drawing. Basic principles and working practices through a range of animation of fundamentals, such as over lapping, Stop- Motion and fall through methods.

## 2. PHOTO COMMUNICATION-I (DSC-8) 04 Weeks/120 Hours/100 Marks/04 Credits

History of Photography: Study of Photography: Black and White and Color. Understanding SLR Film and Digital Cameras: basic operation, Composition, Camera controls, Exposure, and basic Image enhancement for Creative use.

## 3. VISUAL DESIGN-I (DSC-9) 04 Weeks/120 Hours/100 Marks/04 Credits

Observation and communication: documentation and interpretation of data/Image/Graphic and formulation of conclusions. Study of various methods of concept generation: understanding role of creativity, brain storming, metamorphic thinking and other methods of idea generations. Development of Presentations/ communication skills and proper documentation of the design tasks.
