31-5/ Ref.: Academic Council Resolution Nos. 56, 173 and 40 dated 20.03.2012, 21.03.2012 and 16.08.2012 respectively
Executive Council Resolution Nos. 31, 9, 50, 79-11 and 16-44 dated 28.02.2017/ 07.03.2017, 01/ 02.07.2019, 25/ 26.10.2019 13-15.03.2020 and 31.08.2021 respectively

Accord of approval on 02.06.2022 to the following:

1. The Appeal No. 17/ 2021 titled *University of Delhi Vs Ministry of Environment, Forest & Climate Change & Ors* filed on behalf of the University of Delhi challenging the Environmental Clearance (EC) dated 21.05.2021 before the Hon'ble National Green Tribunal, has been allowed in favour of the University of Delhi, vide judgment dated 31.05.2022.
2. The Hon'ble Tribunal has allowed the said appeal of the University of Delhi by concluding that, "**In the result, Appeal is allowed. EC dated 21.05.2021 is quashed. Respondent-proponent is restricted from proceeding ahead with any construction activities pursuant to EC in question.**"
3. The Hon'ble National Green Tribunal has adjudicated/ decided the appeal on the following issues (*Para 98 Pg. No. 100*):
 - I. **Whether Appeal as a whole in respect to all the issues or some of the issues is barred by the principle of res-judicata as contended on behalf of PP?**
 - II. **Whether PP has failed to disclose full, correct and complete information in Form I, Conceptual Plan or has withheld some information or disclosed wrong or incorrect 101 information and is liable to face consequences as per provisions of EIA 2006?**
 - III. **Whether EAC/MoEF&CC have failed to consider relevant aspects/factors and failed to appraise project/activity of PP before grant of prior EC and it is vitiated on the ground of non-application of mind?**
 - IV. **Whether EC in question is unsustainable and has been issued, without taking into consideration all relevant principles provided in law?**
 - V. **What relief/order/direction, if any, need be passed in this Appeal?**

All the issues noted above have been answered, and operative/ relevant part is as below along with respective **para no.** 243, 360, 361, 363, 364 & 365 **Pg. No.** 209, 266 & 267 of the judgment:

243. *"Issues raised before us relate to environment and also the procedure to be observed by Competent Authority granting prior EC. We do not find that the above litigation will have any application, to the above issues. The questions/issues relating to environment, based on an order passed under EP Act, 1986 cannot be said to be barred by principle of res-judicata. Issue I, accordingly is answered in negative and against PP."*
360. *"We, therefore, answer issues II, III and IV holding that PP has failed to disclose correct and complete informations, withheld relevant informations and violated provisions of EIA 2006, hence is liable to face consequences as per the provisions of EIA 2006. Further, EAC in making recommendation for grant of EC has failed to consider relevant aspects/factors as also failed to appraise project/activity by studying the impact on environment on various factors discussed above. Hence, it is a case where recommendation is without any proper application of mind on the part of EAC and mechanical exercise of MoEF&CC in granting EC also vitiates EC. Further, in view of the answer to question II and III above, EC in question is unsustainable and has been issued without considering relevant aspects and principles obligatory to be examined before grant of EC. Hence, EC is vitiated in law. "*
361. *"We accordingly, answer issues II, III and IV in affirmative, i.e., in favour of appellant and against PP."*

363. *“In view of our conclusion that EC has been granted without proper evaluation, project cannot be allowed without such proper evaluation about its sustainability or otherwise in the light of available data, a case is made for interference by this Tribunal. As discussed above, existing air and noise levels do not permit any further additive load in the area, particularly a high-rise building having adverse impacts on environment, including potential for fire incidents, adverse impact on micro climate due to wind funneling and turbulence around their bases, generation of particulate matter because of heavy machinery and equipment and waste management. There will be unmanageable impact on traffic density and adverse impact on flora and fauna and groundwater regime of nearby pristine Ridge.”*

364. *“In view of our discussion, and answers to questions II, III and IV above, issue V has to be answered in affirmative i.e., in favour of appellant holding that appeal deserves to be allowed and EC in question is liable to be set aside.”*

365. *“We, therefore, answer issue V against PP.”*

4. The University of Delhi has filed Caveat application before the Hon’ble Supreme Court of India, for issuing of advance notice, if the said judgment is appealed/ challenged. The copy of the judgment dated 31.05.2022 and Caveat Application are placed at **(Appendix-CLXVIII)**
