The Program Specific Eligibilities and CUET Paper Code for Postgraduate Programs received from various Departments were deliberated and finalized. The same were finalized (Appendix-67)

58-2 Seat Matrix for admissions to Postgraduate Programs

With respect to finalizing the Seat Matrix for admissions to Postgraduate Programs for academic session 2025-26, the Committee was informed of the Judgement with respect to W.P.(C) 803/2022 dated 22.04.2024 wherein the Hon'ble High Court of Delhi has directed the University to:

Page 59, Para (iii) "The DU would ensure, henceforth, that allocation/allotment of Pg seats in the petitioner-College is not disproportionate. Among other considerations, the DU may consider, in deciding on the number of PG seats to be allotted, the infrastructure available with the concerned College, and the number of UG Students in that course of study admitted in the College. These, however, are merely suggestions, and the DU is at liberty to adopt any objective criterion as it deems fit in that regard."

Page 59, Para (iv) "In order to avoid further heartburn on this score, the DU is directed to consider framing of an appropriate policy or appropriate guidelines, to govern allocation/allotment of seats in PG courses amongst various colleges."

The Committee deliberated on the following data:

1. The proportional comparison of Undergraduate and Postgraduate seats in some sample colleges.
2. The proportion of Postgraduates seats distribution in different Colleges and Departments.

The above was also submitted to the Hon'ble High Court of Delhi

The Committee also observed that:

- (a) Irrespective of the fact whether a student takes admission in a department or in a college, the conduct of teaching, evaluation work etc. is done only in the Departments of the University of Delhi. It is only due to the Federal structure of the University that the seats have been "distributed" amongst the Departments and the Colleges.

- (b) The role of Colleges in PG Programs is limited only to the processing of the applications which are received on their dashboard through a centralized common allocation portal.
- (c) 50% seats of each Program must be sanctioned to the respective department, while the rest of the 50% seats may be distributed among various Colleges (wherever applicable)
- (d) The distribution of seats in colleges may be done considering the infrastructure and other logistic aspects of the colleges.

After detail deliberations, it was decided that the seat matrix of academic year 2024-25 may be continued for the academic year 2025-26 (except otherwise stated in the Minutes)

It was also decided that since 50% admissions must be done in the departments, if in a Program (such as in M.A. Punjabi, M.A. Urdu, M.A. Persian, M.A. Arabic), the number of students admitted is less than 50% of the sanctioned strength, the students allocated in the Colleges will be transferred to the respective department. The students will be transferred as per the merit in their respective category. The fees of such students will be refunded after the closure of the postgraduate admissions.

58-3 Addition of Supernumerary Seats to Single Girl Child in Postgraduate Programs.

It was decided that 01 (One) seat in each Program will be reserved under the Supernumerary Quota for a single girl child.

58-4 Regarding consideration of the UGC NET score of June-2024 and December 2024 for Admissions to Phase-II of Ph.D. admission for the academic session 2024-25.

The Council desired that the preference be given to candidates who are NET + JRF qualified.
