The universities shall be free to write English equivalent of these degrees, if they so desire in the mark sheet/degree certificates either in parentheses or slash.

**Guiding Principles:**

Degrees should be specified in generic terms and their nomenclatures should be such that are generally recognised, globally acknowledged and widely accepted and are indicative of the level of the degrees and the broad subject/ discipline/ knowledge area universities/institutions, in curricular innovation, shall have the freedom to indicate uniqueness/ specialisation in parentheses against the specified generic degrees.

Universities/institutions may introduce Integrated and Dual Degree Programmes judiciously and with caution. A dual degree programme combines more than one subject, mostly in a horizontal spread, whereas an Integrated Programme is progressive and cumulative. The academic philosophy/rationale behind offering such integrated programmes should not be for economising on course requirements or award of double degrees in a fast track; on the contrary, an integrated approach should involve a vertical/inter-disciplinary discourse. A dual degree should aim for a better comprehension of the related subjects of study from a multi-dimensional perspective. This would necessarily entail an equal, if not more, course duration and a newer approach of curricular transaction and additional interactive courses. Thus an Integrated/Dual Degree Programme combining two or more disciplines shall be permissible only if there is no compromise on any of the course requirements, viz. duration, number of papers and intensity of courses, teaching/learning hours, credits, etc. Integrated and Dual Degree Programmes are therefore, be introduced by the universities/ institutions subject to the following conditions:

- a) The Integrated/Dual Degree Programmes must not dilute the standards as prescribed under the Regulations made by the UGC and other Statutory authorities concerned in terms of syllabi, programme duration and examination requirements.
- b) If the Integrated/Dual Degree Programmes intend to offer two separate degrees with an option for an interim exit or lateral entry, the duration of the Integrated/Dual Degree Programme must not be less than the duration equal to the sum total of the prescribed duration of the two degrees that are being combined in the Integrated/Dual Degree Programme. Provided that all such programmes would carry the nomenclature of "Integrated/Dual Degree (name of the first degree) - (name of the final degree)". Provided further that both the degrees awarded under the Integrated/Dual Degree programme shall be individually and separately recognised as equivalent to corresponding degrees and not as one single integrated degree.
- c) If the Integrated Programme intends to offer a single degree without permission to exit and lateral entry, the programme duration may be relaxed by not more than 20% of the sum total of the prescribed duration of the two degrees that are being combined to make the single Integrated degree.

**General Instructions:**

1. All the changes in the nomenclature of the degrees, as notified herewith will come into effect from the date of their notification in the official Gazette.
2. The above specified degrees shall be awarded by a University established or incorporated by or under a Central Act, a Provincial Act or a State Act or an Institution deemed to be a University under section 3 or an Institution specially empowered by an Act of Parliament to confer or grant degrees under section 22 of the UGC Act, 1956.
