## Course Wise Content Details for LL.B. Programme:

### Semester-V

### Course Name-Jurisprudence-II

### CourseCode-LB-604

**Total Classes-40**

**Credits-2 Target Group:** Students of Law, Political Science, History, Sociology Course Objectives

This Course aims to introduce to students with the jurisprudential analysis of certain concepts in the field of Law. These concepts are basic and essential for the study of Law. By learning the Jurisprudential Analysis of basic concepts, the students shall gain the expertise in analysing other concepts also used in the field of Law. Students will also learn how to use this expertise in filing and contesting the cases on strong grounds before the Courts of Law in India as well as in other countries. The philosophical understanding of the concepts will give them fundamental clarity in different arenas of law.

Course Learning Outcomes:

*After successful completion of this Course, students should be able to:*

1. Have in depth knowledge of basic concepts in jurisprudence and to develop a critical approach in the field of law.
2. Identify the strengths and limitations of different theories and models in explaining the basics of Law and to develop the capacity to engage in lifelong learning.
3. Apply their knowledge, skills and creativity to get the solution of contemporary legal problems.
4. Differentiate properly among various concepts and use them appropriately wherever required.
