for***

***Educational Planners, Administrators,
and Faculty Members***

at

University of Liverpool, United
Kingdom

10th November to 19th November, 2024

About the Programme

The programme is a step in globalising the principle of *Vasudhaiv Kutumbakam* in the field of Academic Administration. The world of higher education is opening up fast with growing interaction and collaboration among diverse seats of learning. Moving beyond regional and national boundaries, there is an increasing emphasis on sharing of knowledge to seek solutions for problems that affect the entire humanity. Academic Administrators, being the backbone of educational institutions, would be required to act as active collaborators and facilitators for the same.

The programme seeks to upgrade skills of our Academic Administrators so that they can be active players in making India a developed nation by 2047 and actualizing the dream vision of our Hon'ble Prime Minister, *Viksit Bharat@2047*.

After our successful collaboration with the London School of Economics and Political Science, this is University of Delhi's second venture in Indian academic administrators at the global level in collaboration with the University of Liverpool.

Collaborating Partners

University of Delhi

The University of Delhi is a premier university of the country with a legacy and international acclaim for highest academic standards, diverse educational programmes, distinguished faculty, illustrious alumni, varied co-curricular activities and modern infrastructure. Over more than a century of its existence, the University has sustained the highest global standards and best practices in higher education.

University of Liverpool

The University of Liverpool is a public research University in Liverpool, England. Founded as a college in 1881, it gained its Royal Charter in 1903 with the ability to award degrees. Associated with nine Nobel Laureates, the University of Liverpool is one of the UK's leading research-intensive higher education institutions. The University of Liverpool is recognised for its high-quality teaching and research.

British Council

British Council combines the UK's expertise in arts and culture, education, global presence and relationships in over 100 countries providing access to young people and influencers. The Council works directly with individuals and institutions to help them gain skills.

Programme Structure

Workshop Objectives

- To provide a unique opportunity for both universities to gain valuable insights into the cultural and operational environment of a university, enhancing mutual understanding.
- To create a friendly and open environment for both universities to share best practices, learn about expectations from students, and explore collaboration opportunities in research, teaching and other forms of engagement.
- To forge academic bonds, broker research contacts and enhance mutual exchange between university leadership.

Workshop Outcomes

As a result of the workshop, participants will be supported to:

- Develop enhanced understanding of the UK HE ecosystem, including the organisational design and management of innovative teaching, impactful research and effective administration.
- Translate case studies of effective practice in global education, online delivery, professional leadership and research development into practical applications in their home institution.
- Design strategies for continuous improvement in areas of professional practice, in support of the University of Delhi's strategic objectives.
- Engage in practice-sharing and collaboration with colleagues from across practice areas and disciplines, to identify opportunities for partnership working, relationship-building and shared development.

Workshop Themes

- Education
- Research
- Student Experience
- Global Engagement
- Higher Education Management and Trends
- Global Rankings and Communications Skills

Workshop Format

One-hour themed workshops will present a relevant case study and engage participants in active learning and forward planning. Each component of the session is about 15 minutes in duration.

- Case study presentation
- Facilitated discussion
- Group / individual reflection
- Action planning and application to practice

UNIVERSITY OF DELHI

Established in 1922 as a unitary, teaching, and residential University by the Act of the then Central Legislative Assembly, University of Delhi is a leading university in South Asia.

The President of India is the Visitor, the Vice-President is the Chancellor, and the Chief Justice of the Supreme Court of India is the Pro-Chancellor of the University. Beginning with three colleges and 750 students, it has grown as one of the largest universities in India with 16 faculties, 86 academic departments, 90 Colleges and a close to 6.5 lakh students.

The story of India's higher education runs parallel to that of the University of Delhi. As an institution of eminence, the University of Delhi is a torchbearer for academic, co-curricular achievements as well as social outreach pursuits.

Drawing students and faculty from across India and abroad, the University symbolises excellence, integrity and openness of *mansa* (thought), *vaacha* (speech) and *karmana* (action).

THE UNIVERSITY OF LIVERPOOL

The University of Liverpool is a public research university in Liverpool, England. Founded as a college in 1881, it gained its Royal Charter in 1903 with the ability to award degrees, and is also known to be one of the six 'red brick' civic universities, the first to be referred to as The Original Red Brick. It comprises three faculties organised into 35 departments and schools. It

is a founding member of the Russell Group, the N8 Group for research collaboration and the university management school is triple crown accredited.

The university was established in 1881 as College Liverpool.^[2] In 1884, it became part of the federal Victoria University.

The Liverpool University Press was founded in 1899, making it the third-oldest university press in England. Students in this period were awarded external degrees by the University of London.

Ten Nobel Prize winners are amongst its alumni and past faculty and the university offers more than 230 first degree courses across 103 subjects.
