CENTENARY CELEBRATIONS

Delhi University is celebrating its centenary celebrations in the year 2022-2023. The dignity of such a prestigious occasion demands celebrations of those forgotten years which many of us have either not witnessed or forgotten. Celebration of such a momentous occasion gives us an opportunity to reflect upon our institutional success, achievements and glory and gives us an opportunity to work with more zeal to achieve larger public good and in effect become constructively instrumental in the nation building in our own way through silent but effective measures. This creates an opportunity for even the last man standing in the queue. Such an occasion also bestows us with an

opportunity to introspect on our shortcomings as well as not so memorable moments and take corrective measures through effective analysis and its systematic implementation on the ground level.
