ABOUT THE COLLEGE

Acharya Narendra Dev College, a constituent college of the University of Delhi, was established in 1991. The college offers 13 undergraduate courses in science and commerce. Our esteemed faculty, recognized for their outstanding achievements and diverse talents, is committed to advancing education. During their tenure at our institution, students cultivate social responsibility, intellectual rigor, and practical knowledge. Additionally, they acquire competencies in communication, analytical thinking, and problem- solving.

Showcase your UG research through

- **oral presentations***
- **posters***
- **prototypes**
- **live demonstrations**

***Presentations will be allowed in hybrid mode only for outstation participants; all other participants must present in person.**

ABOUT THE CONFERENCE

Turn your research into recognition – Showcase your UG research through oral presentations, posters, prototypes & live demonstrations

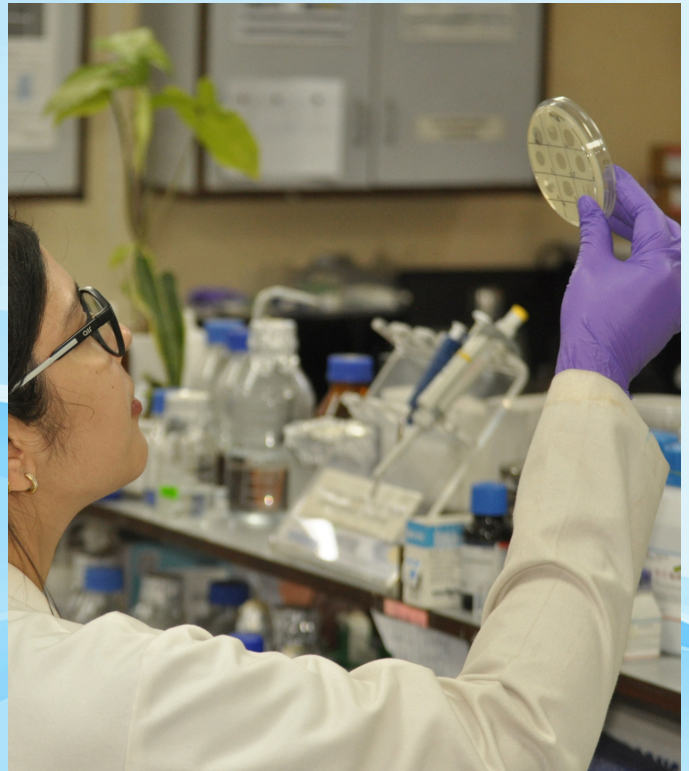

Shodh Udaan is a science exhibition of UG research which aims to provide a platform to showcase the undergraduate research with the benefit of interaction with researchers at the national level. The students can present their work to a diverse audience, including students and faculty from other institutions. They will be showcasing their work through oral presentations, posters, prototypes, and live demonstrations. This dissemination of knowledge will help foster awareness and understanding of ongoing research in their field of interest.

The students will be exposed to a culture of innovation, critical analysis, and intellectual curiosity. The exhibition will be a celebration of academic excellence, and the best presentations will be recognised and awarded. This acknowledgement will encourage the scholars to continue pursuing knowledge and contribute to the advancement of their fields. They will receive constructive feedback on their research from various stakeholders. The exhibition will also provide them with the opportunity to explore the interdisciplinary research options.

ABOUT ANUSANDHAN KOSH

Anusandhan Kosh is an institutional initiative aimed at fostering academic inquiry, innovation, and research among faculty and students. This program provides financial assistance to support diverse research activities across disciplines, promoting a robust scholarly ecosystem. Anusandhan Kosh is integral to the college's goal of merging research and education, fostering an enriched academic environment. By encouraging interdisciplinary and impactful research, the initiative underscores the institution's dedication to academic excellence and meaningful societal contributions.

ADVISORS

Dr Garima Gupta, Scientist G, DBT, GoI
Prof. Renu Deswal, Department of Botany, DU
Prof. Rupam Kapoor, Department of Botany, DU
Prof. Radhey Shaym, Department of EVS, DU
Prof. Manoj Kumar Khanna, Department of Electronics, DU
Prof. Mridula Gupta, Department of Electronics, DU
Prof. Rajeev Gupta, Department of Chemistry, DU
Prof. Rakesh Parashar, Department of Chemistry, DU
Prof. Akhilesh K. Verma, Department of Chemistry, DU
Prof. Ashutosh Bharadwaj, President, Mody University
Prof. Rita Singh, Department of Zoology, DU
Prof. Anjan Kumar Prusty, Dept. of EVS, Berhampur University
Prof. Neelu Jain Gupta, Dept. of Zoology, CCSU
Prof. Himender Bharti, Dept. of Zoology & EVS, Punjabi University

VISION

One of the key areas that the NEP 2020 addresses is the recognition of research, both in terms of its importance in higher education and how it can be integrated into the broader educational framework. Research is seen as a pillar for building a knowledge-driven society, and the NEP 2020 outlines strategies to improve the quality and scope of research in India. Shodh Udaan is an endeavour on the part of ANDC in its journey towards the direction of reaching this research goal of NEP 2020.
